## Mersed <br> Expertise, our source of energy

Global expert in electrical power and advanced materials, Mersen partners companies around the world that drive today's industry and shape tomorrow's society.
A committed partner and core technology provider.

## - € 810 m

in consolidated revenues in 2018

# ffAt Mersen, our goal is to help you meet the technological challenges 

that drive you forward and that shape our world. Whatever the sector and whatever the stakes, we draw on a broad range of products and services to help you define and design custom-fit solutions and processes. Day after day, we deliver world-renowned expertise in electrical power and advanced materials to industry groups looking to develop their activity and meet tomorrow's technological challenges. ${ }^{3}$

## ADVANCED MATERIALS

## No. 1

worldwide in brushes and brush-holders for industrial electric motors

## No. 2

worldwide
in high-temperature isostatic graphite applications

No 2
worldwide
in graphite-based anti-corrosion equipment

## ELECTRICAL POWER

No. 1
worldwide in the supply of passive and hybrid power electronics components and battery systems

No. 2
worldwide
in industrial
fuses

## Creating collective value

Mersen's two specialist business divisions deliver expert solutions with the same exacting standards and focus for a range of different sectors including wind and solar power, electronics and fiber optics, rail, aerospace and aeronautics transportation, corrosive chemicals, process industries and more. We work hand-in-hand with industry manufacturers and operators to make tomorrow's solutions more efficient and more reliable. Wherever technologies are advancing and innovating, you'll find a little bit of Mersen.

# Solutions that make a difference 

Pushing boundaries is second nature at Mersen. For more than a century, we have provided industry players the world over with innovation to improve their product performance and services. Innovation that meets the constraints of technological change as companies move further and faster. Whether you need to cut costs, streamline your efficiency and the useful lives of your consumables, or even respond to changing consumer habits and preferences and the boom in the green economy, Mersen has a full spectrum of innovation in the service of industrial performance.

Present in
35 countries
50
sites

## A core provider

Creating value for our clients means understanding their needs, their challenges and their constraints. It also means understanding their environments, both geographical and competitive.
With 50 industrial sites in 35 countries, Mersen works side-by-side with its clients at the heart of its markets, developing strong ties to offer made-to-measure, high value-added solutions at every level. A relationship of trust in transforming challenge to opportunity.

# PERFORMANCE BY MERSEN 

Efficiency Competitiveness Long life Reliability Protection

## GRAPHITE SPECIALTIES

- Unique expertise in high-performance materials and solutions for high-temperature and extreme environment production or operation
- Graphite, carbon/carbon composite, carbon insulation, flexible graphite and silicon carbide ( SiC ) solutions for the process, aerospace, solar PV and electronics industry

## NO. 2 WORLDWIDE

 IN HIGH-TEMPERATURE ISOSTATIC GRAPHITE APPLICATIONS| ISOSTATIC AND |
| :--- | :--- | :--- |
| EXTRUDED GRAPHITE |
| RIGID AND FLEXIBLE |
| CARBON INSULATION |

## ANTI-CORROSION

 EQUIPMENT- Design and manufacture of process equipment to resist corrosive environments in the chemicals industries: graphite, silicon carbide, noble metals (tantalum, zirconium), titanium, nickel alloys and fluoropolymers
- Maintenance services

NO. 2 WORLDWIDE
IN GRAPHITE-BASED ANTI-CORROSION EQUIPMENT

ENGINEERING
SYSTEMS

HEAT
EXCHANGERS

COLUMNS,
REACTORS AND
PRESSURE VESSELS

- HCl production
- HBr production
- Dilution and concentration of acids
- Other systems

PIPING, BELLOWS AND ACCESSORIES

- PTFE lined
- PFA lined
- In tantalum
- In zirconium

## POWER <br> TRANSFER TECHNOLOGIES

NO. 1 WORLDWIDE
IN BRUSHES AND BRUSH-HOLDERS FOR INDUSTRIAL ELECTRIC MOTORS

BRUSHES AND BRUSH-HOLDERS

SIGNAL AND
POWER TRANSFER

ELECTRICAL PROTECTION \& CONTROL

- A full range of fuses and fusegear systems and devices
- Surge protection systems and devices

NO. 2 WORLDWIDE
IN INDUSTRIAL
FUSES

UL FUSES AND FUSEGEAR

IEC FUSES
AND FUSEGEAR

SURGE PROTECTION DEVICES

POWER TRANSFER FOR RAIL VEHICLES

## SOLUTIONS FOR POWER MANAGEMENT

_ Passive and hybrid components for high-performance power conversion systems and batteries and improved safety and reliability

NO. 1 WORLDWIDE
IN THE SUPPLY OF PASSIVE
AND HYBRID POWER ELECTRONICS
COMPONENTS AND BATTERY SYSTEMS

OVERCURRENT PROTECTION FOR SEMICONDUCTORS AND BATTERIES: HIGH-SPEED FUSES \& HYBRID SYSTEMS

COOLING SOLUTIONS
FOR POWER
ELECTRONICS

BUSBARS

PSC

## Embedded heatpipe

 radiator

Power distribution system for frequency inverter
$\qquad$

Polymer lining

NH

Liquid cooled cold plate

Smart monitoring busbar for battery packs
$\qquad$
$\qquad$

Capacitor bank on laminated busbar

## 6,500 employees <br> in 35 countries

## A balanced Governance model

Mersen's Board of Directors and executive management are committed to acting in the best interests of the Group and its stakeholders and to upholding the highest standards of ethics and transparency.

Ethical practices for an exemplary model
Mersen's Code of Ethics applies individually and collectively to all of the teams and officers that make up the Group's ecosystem around the world.

## A reference framework and commitment to progress

As a signatory of the United Nations Global Compact since 2009, Mersen policies and actions are guided by the organization's principles and directives.

## Environmentally-

 sound practicesThe Group pursues a collective and pragmatic approach involving all its employees, who are educated and receive training at every level of responsibility.
